Drugs in the Workplace Assistance Program

.....the key to keeping valuable employees

Have you detected a drug or alcohol problem among your staff?

ADACCV offers a 6 hour education program designed to help employers keep valuable employees and reduce costs associated with termination, re-hiring and re-training. This program empowers employees with the skills and knowledge to avoid the consequences of drug and alcohol abuse.

Employees will also receive a comprehensive alcohol and drug assessment by a Licensed Chemical Dependence Counselor.

Equip employees with knowledge about:

- Physical, emotional and social effects of drug and alcohol abuse.
- Effects of drug and alcohol abuse on the employee and family.
- Losses to employer due to drug and alcohol abuse.
- Resources to help the employee and their family.

Program Fee: \$200

(May be paid by employer or employee at time of registration.)

Work-Related Assessments: \$75

Provides a full, individualized, confidential substance abuse assessment for employees not required to take the full program.
